SOLAR handy TOP - stylish and handy surface mounted blind

By far the handiest blind on the market is now also TOP.

It is easy to install: only six screws and SOLAR handy TOP is installed.

SOLAR handy TOP

is easy to use. Slats turn and lift from pulling the ballchain. Solar handy TOP is stylish. Blind is attached from the top with four hidden screws. Bottom is attached with a wire and two screws.

The blind doesn't swing in the wind. SOLAR handy TOP is also available as privacy-model where the holes in slats are totally covered when slats are closed.
